## C. J. College Notes

Reynold Pater left last Thursday  
for Calgary, on business. He returned  
on Friday.

Miss Alberta Reilwig, of Reilwig,  
is visiting her friends here for a few  
days.

During the president's absence,  
Professor Smith is managing the af-  
fairs of the school in his capable man-  
ner.

Mrs. Koehn, who has been visiting  
the College for the past week, left on  
Monday night to return to her home  
at Battleford.

Virginia Olsen and Alex Refus left  
Monday for their homes. Alex ex-  
pects to be back in a few days to con-  
tinue his school work.

Eather Roth was happy last week  
to have her mother, father and little  
sister with her. They left Sunday for  
their home at Reilwig.

Mrs. Bernhard spent a pleasant  
week-end at Bentley, returning on  
Sunday and bringing Mrs. Schmitt  
with her to spend a few days here.

Pauline Janke took the early morn-  
ing train Monday for Reilwig, where  
she will attend the wedding of her  
brother, Emil, which is to take place  
this week.

The Sabbath service was conducted  
by Professor Ledington last week.  
His sermon was based on that fam-  
ous statement of Pauls, "I am not  
ashamed of the gospel of Christ."

We were interested in the talk Pro-  
fessor Smith gave last Monday morn-  
ing during chapel on the histor-  
ical points of interest to be seen in the  
city of Quebec.

The recital given by the College  
choir and orchestra in Red Deer was  
very much appreciated. The large  
auditorium was filled to capacity and  
a large number were unable to find  
standing room.

Union worship was held in the Chap-  
el on Monday evening when Mrs.  
Newbold gave the students a very  
interesting reading on Price's Daddies,  
which consisted of some good  
advice that a father had given to his  
eighteen-year old daughter.

Professor Beardsley, Pastor New-  
bold and Mr. Bernhard are at present  
attending the Board meeting at  
Winnipeg. Mr. Bernhard expects to  
return around the 20th of the month,  
while the others will be a few days  
later.

There seems to be a very studious  
atmosphere pervading the school for  
the past two days. The cause? Sem-  
ester examinations. These will  
commence this Thursday, after which  
the students will have their mid-year  
holiday and be ready to start the new  
semester on Monday, February 20.

A most pleasant chapel period was  
enjoyed by all Tuesday morning when  
a short musical program was pre-  
sented under the leadership of Profes-  
sor Ledington. Miss Miriam Harder  
favoured us with two piano selec-  
tions, Professor Skeels played sever-  
al favorite pieces on his violin and  
Professor Ledington sang for us, clos-  
ing with a song composed by himself.

## I. O. D. E.

This the sixth annual report of Lord  
Lascelles Chapter I.O.D.E. shows that  
we have thirty-three members in good  
standing on the roll.

Ten regular meetings with an av-  
erage attendance of 11 7-10; two  
regular and eight executive meetings  
were held. Meetings were not held  
during the holiday months of July  
and August.

One new member was added to our  
chapter during the year, while we re-  
gret to report the loss of four mem-  
bers, three by removal from town and  
one resignation.

We have during the year to the best  
of our ability given support where  
most needed and have had appreci-  
ative letters from those to whom we  
have sent donations.

We sent a delegate to both the  
annual and semi-annual meetings of  
the Provincial Chapter and received  
in return a most complete and inter-  
esting report of these conventions.

Our activities this year to raise  
money included, Collection taken at  
the Oratorical contest, a Garden Party,  
Selling of the Confederation  
transfers and a public card party.

Several of our members gave pri-  
vate parties in their homes, charging  
their guests a fee and donating the  
proceeds to the Chapter. Total an-  
nual raised for year \$390.00.

The Chief Welfare Committee have  
been busy with their branch of the  
work, bringing cheer to sick and des-  
titute children. Fruits and toys were  
sent in cases of illness and second  
hand clothing in cases of need. Un-  
der the sponsorship of this com-  
mittee, A tea was held for the ben-  
efit of the Wood's Christian Home in  
Calgary.

Our chapter is one hundred per-  
cent. Echoes chapter, as each member  
is receiving Echoes.

An Educational work has been car-  
ried on in a very capable manner. In  
the early autumn, we were unfortun-  
ate in losing our Educ. Secy., by her  
removal from town but we are very  
fortunate in being able to secure so  
capable a successor.

This committee arranged and suc-  
cessfully carried out an Oratorical  
Contest. The subject, "A Father of  
Confederation." The contest was open  
to the scholars of Lacombe and dis-  
trict. Prizes were given to the win-  
ners.

Calendars were distributed to the

schools in town and district, also the  
transfers left on hand after July 1st.

We attended church service in Feb-  
ruary and observed "Empire Shop-  
ping week" and our thanks are due to  
the merchants of the town for their  
support, by their window decorations,  
etc.

Our contributions this year included  
a donation to the Confederation  
celebration, prizes for the Oratorical  
Contest, Donation to the Provincial  
Pulse for Confederation Essay, Con-  
sumption Hostel in London, Fessenden  
Memorial, Miss Clark Murray Mem-  
orial, Provincial Budget, Wood's  
Home and assisted to give a holiday  
where it was much needed.

We have pledged ourselves to be re-  
sponsible for \$35.00 for the work am-  
ong the foreign born.

We joined with the Lost We Forget  
Club and held a service at the Cen-  
otaph on Armistice Day, and our  
wreath of Remembrance was placed  
with others on the Cenotaph.

As our year closes, we wish to  
thank all who have given their patron-  
age to the various calls of the  
Chapter. To our officers for their  
faithfulness in fulfilling their duties,  
especially our Regent and Treasur-  
er, who were never absent from a  
meeting, and to our members for their  
ever ready support.

Trusting that 1926 may see re-  
newed efforts for the Lord Lascelles  
Chapter.

This report is respectfully submit-  
ted.

Myra C. Pratt, Secy.

## HOCKEY

A large crowd of hockey fans at-  
tended the exhibition game played on  
the local arena on Saturday night  
last, and it was sure a game worth  
watching. The game ended in a tie,  
the score being 5 to 5. In the first  
two frames it looked as if Olds was  
in a beating, but though the Olds  
team was not as fast as the locals  
they seemed to work harder.

In this game Pete Danner our  
sturdy little forward was severely  
injured, breaking a bone in his leg,  
just above the ankle. Pete's services  
are greatly missed from the lineup  
as he is always on the job, and is  
undoubtedly one of the best players  
we have. Here's hoping that Pete  
will soon be on his feet again.

**Lacombe Defeats Edmonton**

In one of the fastest games of  
hockey witnessed in Edmonton this  
season, the Lacombe team defeated  
the Edmonton "Navy". The local  
team had the game from the start,  
and the outcome was never in doubt  
for a minute. The game was clean  
all through, and both teams were  
playing their best. The score ended  
3 to 1 in Lacombe's favor.

The Lacombe team is now in the  
semi-finals of the Alberta Provincial  
play off, and they are out to win the  
intermediate championship. There is  
no doubt in our minds but that the  
Lacombe team will win from Edmon-  
ton on Saturday, but you never can  
tell. The fastest game of the season  
is looked for when Edmonton  
plays here on Saturday. Every man,  
woman, and child in the district  
should be at the rink on Saturday  
night at 9:15, and see the game of  
their life. Being in the Alberta Pro-  
vincial Play off, the expense of travel-  
ing from place to place is necessary,  
so give the boys your support, they  
will appreciate it. And by turning out  
and boosting them along, you can  
greatly help them to win. They need  
your support, both moral and finan-  
cial. Believe us, you will get five  
dollars worth of thrills for your little  
50c. on Saturday night, so be there.

## Here and There

Winnipeg.—The British boy immigration scheme has been adopted by the Manitoba Provincial Government, and about fifty lads will be brought here this year for placement on farms in the province. Hon. J. P. Redfearn, Minister of Immigration, announced. First, the boys will be placed at the Manitoba Agriculture College for preliminary training in farm work.

Calgary.—Two commercial airplane transport projects are being developed in Calgary. One calls for the use of airplanes carrying twelve persons each, to be used principally for passenger, freight and mail traffic between Calgary and Edmonton; the other calls for lighter machines, two or three passengers, for Calgary-Edmonton and mountain flight purposes.

All the way from Camrose, Alta. to Glasgow, Scotland, unaccompanied, a distance of approximately 5,000 miles is the record of Donald James Campbell, nine years of age. He took the All-Red route of the C.P.R. across the Dominion to Saint John, where he embarked on the liner Montclair bound for Glasgow. He is visiting his aunt, who lives in Busby, Glasgow.

All previous records in connection with the westbound movement of grain to Vancouver over Canadian Pacific Railway lines were broken during the first two weeks in January, according to E. Cotterell, superintendent of transportation, western lines of the company. Deliveries at Vancouver by the Canadian Pacific during the fortnight in question totalled approximately 22,000, 000 bushels of grain.

Calgary.—Farm land values in Southern Alberta are tending to become firm as the result of the series of good crops, and more inquiries for farm acreage have been received in the last few months, according to real estate men, than in any similar period in the past five or six years. Farms offered for sale last spring at \$15 per acre and bringing no offers are selling now for from \$20 to \$25 per acre. The demand for farms both for purchase and rental is decidedly strong.

In recognition of the fine work by officers of the Canadian Pacific Railway and the Canadian National during the last summer tour of the second triennial Empire Mining and Metallurgical Congress, presentations of gold and enamel cuff links were made recently to fifteen employees of both companies, at a dinner held in Montreal. E. W. Beatty, president of the C.P.R., and Sir Henry Thornton of the C.N.R., were both present.

Snowshoe week in Quebec got away to a good start when several thousand members of the Raquette Clubs paraded the streets of the old city and later some 1,500 snowshoers in full winter festival costume made an attack on the walls defended by the garrison and illuminated by a brilliant fireworks display. The chief center of interest there is the International Dog Derby, which is to be staged shortly and for this, visitors from the entire Dominion and the United States are flocking to Quebec, taking the Chateau Frontenac to its full capacity.

Would You Like To Get Away From Ashes, Smoke, Soot and Dirt This Winter?

IF SO, BURN...

# PETROLEUM COKE

It goes further than the best soft coal and, therefore, cuts the cost of heating your home from 50 per cent to 50 per cent.

It is crude oil with the gasoline removed. It contains absolutely no ash or other waste. It does not stick in your fan like coal.

It is clean—no smoke, no soot, no dirt. It is easy to fire and easy to learn how to fire.

It is burned instead of coal or wood in any stove or furnace.

It is large, lumpy and bright.

It saves you money with less work, worry and attention in using. Do not confuse Petroleum Coke with coal coke which contains ash.

Resolve to get away from the daily ash-pan this winter. Burn something that will turn coal-drawery into a pleasant experience.

### BROOKFIELD NEWS

Mrs. Carl Johanson is visiting her parents for a few days.  
Mr. and Mrs. Miller were visitors at the Olafson home.  
Miss Mary Gould has not been very well for the last few days and has been confined to the house. We will be glad to see Mary back at school again.

We have good news from Lacombe of Master Allen Brock, who is recovering nicely.  
A few persons attended the sale across the river Tuesday. The price of cattle was very high.

The dance given by the ladies of the W.L. was a great success, \$22.20 being cleared. The music was very good and the young folks had a glorious time. They sincerely hope the W.L. will not be long in giving them another treat.

The ladies of the Brookley W.L. held their monthly meeting at the home of Mrs. Alex Graham. Five new members joined, making a total enrollment of 19. There were also several visitors from the west whom we were very glad to see, and we hope that we will soon have most of them as members. After the regular business, Mrs. Henry Jacobson read the address given by Mrs. A. H. Rogers, at the Federated Women's Convention of 1927. Then a reading was given by the president, which we are glad to say was not taken to heart by the hostesses. The next meeting will be held at the home of Mrs. G. P. Ried on Wednesday, March 14.

### Lakeside News

The Lakeside U.F.A. was held at the home of Mr. and Mrs. Steve Abbott on Wednesday evening, Feb. 15. Everyone had a wonderful time as usual. A lengthy discussion on Seed and Weed problems was held. The members pledged themselves to try and exterminate noxious weeds mainly Canadian Thistle during the year. The latter weed is becoming quite a nuisance all over the Lacombe district. Several hundred bushels of seed grain exchanged hands at this meeting.

Anyone wishing to belong to a real live association should join the Lakeside U.F.A.

The W. L. of Lakeside held their monthly meeting at the home of Mrs. James Wright. The weather being favorable, there was a large attendance. The 23 present spent the part of the afternoon (after a c. 11:30 a.m.) a few of Lakeside's Young People attended a party at Miss Douglas' home north of town on Friday evening. A lovely time was enjoyed.

Vivian Taylor and Isabel McKenzie played the piano at Mrs. Reed's Reception held in the United Church, Lacombe on Friday evening.

We are sorry to learn that the Christens family are thinking of moving to town to live, some time in the near future. "Here's wishing" them the best of luck.

We hear that Mr. Grimes and family are leaving soon and that Mr. Saupel is going to move back there to live. We will be sorry to see Mr. Grimes leave our neighborhood.

Miss McTaggart our worthy school teacher gave a Valentine Party for the children on Friday afternoon, the children had a wonderful time, also the few grown-ups who were there.

The W. L. are giving a card party in the school on March the 2nd. Everyone should attend and have a good time.

We understand at the last Annual Board of Trade meeting held at Lacombe, Mr. Frame was elected as vice-president, and Mr. Metraff and Mr. Wilkes are new members on the Board of Trade council. We feel it will be a good thing for this organization to have some new blood.

Riddle—Now who is the Lakeside Editor?

### Meadowbrook

We are glad to see that Mr. Courtney Howard is able to be out hauling grain again, after being in the Lacombe hospital.

The Ladies' Aid met at the home of Mrs. J. Long last Thursday. Nine members being present and a pleasant meeting was conducted.

## The Recital

### LACOMBE HEARS MUSIC PUPILS

A large, enthusiastic crowd which filled St. Andrew's United Church turned out to hear the piano recital given by the pupils of Mrs. F. H. Reed, A.T.C.M., on Friday evening. A very delightful effect in decorations was obtained by an arrangement of cork bark along the edge of the platform, which completely concealed the electric lights placed behind it. Baskets of everlasting or straw flowers and cious leaves were also interspersed about the platform in effective positions.

Twenty-six pupils took part in the program which was carried out with beautiful smoothness and showed the results of careful training in graceful positions, as well as in musical technique. Some of the little tots showed remarkable ability for the short time in which they have been studying and the older pupils did credit to their teacher by their rendition of some difficult pieces.

Mrs. Reed was assisted by Miss Helen Barbour, whose pleasing voice and personality always charms her audience, by little Margaret Aldwinckle, clever little elocutionist, and by our own incomparable Myrtle Cochran, without whose violin solo, no musicale seems to be quite complete.

### CAPTURED THE ROBBERS

Some days ago the confectionery store at Clive was entered by burglars, and cash and goods stolen. Const. Collett was notified and at once got busy on the case, with the result that two young men of the

district, Link Morriall and Harry Baker were soon in the toils. They came up for trial at Clive, and to prevent them receiving a jail sentence the charge was reduced to common theft, and they were fined \$25 and costs, each. If the more serious charge had been pressed, these young men would have had to spend a term in jail, and while they received only a slight sentence this time, it should make them realize that they cannot get away with this stuff any more, and take the matter seriously to heart. There is a lot of crime being committed throughout Alberta by young men who think they are smart enough to beat the law. They may get away with it for a while, but sooner or later they are caught. If they would stop a minute and think of the sorrow and disgrace they bring on their parents and themselves, they would realize that it does not pay.

### GROCETERIA BROKEN-INTO

Sometime last week, burglars attempted to rob the Groceteria. Until stock has been taken the manager will not know what was taken. The thieves cut into the door around the Yale lock with a pocket knife and an axe, and succeeded in loosening it sufficiently to open the door. Several suspects are under surveillance of the police but no arrests have as yet been made.

## SIX MONTHS FOR FALSE PRETENSES

A young man named Kraft was picked up by the police on Tuesday evening on an information sworn by Ole Boode, charging him with forgery. It appears that Kraft had been residing in the Western Globe of the merits of the illustrious Chrysler 72, and was seized with desire to own one. Evidently thinking that Ole was in business only for his health and the happiness of his fellow men, Kraft gave the Chrysler showroom a once-over, and selected a beautiful sedan. It was demonstrated to him, and he was in ecstasy over it, in fact he convinced Ole that the Chrysler was the only car worth having. He marvelled at the low gas consumption, and was heard telling a friend that the car practically ran on the gas from the exhaust, and even used this gas over twice. Ole thought that he had a really sensible customer, and threw in a pair of chains, filled the radiator with water, and the three with air, and took Kraft's check for the first payment. Ole didn't know, of course that Kraft's name was Kraft, he thought it was R. Wright, of Sylvan Lake. Kraft took possession of the car, and drove out to a friend's place in the country and took a couple of young ladies for a ride, and explained the beauties of his new purchase; in fact he made good use of his time. After a few hours, Ole heard rumors that the young man was to be released, and started an investigation. He discovered that Wright was still at Sylvan Lake, and had not issued any check for the purchase of a car. Then the police got busy and captured Kraft and the car the same night. Before the magistrate the charge was reduced from forgery to false pretenses, to save a penitentiary term, and he was given six months hard. Even at that he may consider that the ownership of a Chrysler, only for a few hours, is worth six months in jail.

## FROM MR. FRED BUTCHER

We this week received the following letter from Mr. Fred Butcher, who is at present on a holiday trip to the States. It was written from Junction City, Ore. In addition to the editor, I would like to tell my many friends of my whereabouts, and some of the things I have seen since leaving Sunny Alberta in December. From Edmonton I took the C.N.R., stopping at several of the lumber camps on the Prince Rupert line, where my son, B. F. is employed. The cut of these mills runs from 30,000 to 65,000 feet per day from the gigantic forests that cover B.C. from Jasper Park to the coast. I spent a few days in Prince George with my grand-daughter, where the weather was cold, ranging from 35 to 56 below zero. The mill with the largest output was that of W. Jaek, who is well known east of Lacombe. Some years ago he farmed extensively near Alix.

Early in January I continued my journey to Prince Rupert. The National railway follows the low depression and river, and has the lowest gradient of any crossing the continent. The heavy blanket of snow, nearly four feet deep, continued with us until we neared the coast. From Hazelton we followed the Skeena river to the coast. The tide flows up this river about fifty miles, and there are many fish canneries on it. As the snow gradually disappeared, light hours and the great commercial hub of the city in sight; then Rupert, the city up stairs. The city is brilliantly lighted and a real commercial hub is in evidence. Just at this time there are great trains of wheat stored here unloading cars every four minutes. This is the closing of navigation on the great lakes, and to my way of thinking this is the natural outlet of the future, for the Peace River country, which will have telling effect on the world supply of wheat, the quality of this product having been demonstrated by Herman Trelle, world champion wheat grower. The need of the country is transportation. Prince Rupert harbor is land locked and sufficient in area to accommodate the British fleet. Before reaching the coast we pass through the hundreds of miles of Selkirk and Rockies and other mountain ranges. Because of the perpetual snow that crowns most of them, the forests that clothe their lower slopes are sufficiently watered, and gigantic forests will continue for future generations. Our sleeper was drawn up near the dock, and in the morning we got aboard the Prince Rupert S.S. for Vancouver. It is first class passenger, oil burner, twin screw, 284 feet long, 36 feet wide and draws 18 feet of water. The boat carries some freight, while the fare was all that could be asked for. It was raining as we sailed towards Vancouver in the inside passage, with low mountains on each side clad with forests from the water's edge to their summits of fir and cedar. On either side of this passage are rich canneries, but not in operation at this season. In some places the Passage narrows to half a mile, and at other places it is connected with the Pacific ocean; in other places there are rock islands with lights on them. We continue through wind and rain from the south east. We make one port of call, Powell River, where are located great paper and pulp mills. The sea was rough at Charlotte Sound, which kept some of the passengers in the state rooms. Leaving Prince Rupert Friday at 9 a.m. we arrived in Vancouver on Sunday morning, the distance is 600 miles. I was at home at the Abbotsford Hotel for a few days, visiting friends. "Bey" Davidson was my guide through the most interesting parts of the city. Stanley Park is very attractive having gigantic trees, serpentine walks, and the weather was ideal. I also visited the Zoo, with its many animals, but the most impressive thing was the Memorial in Honor of President Harding, the extracts from his speech inscribed on its base, and standing on the spot where he made his memorial speech some years ago. More anon.

## BOARD OF TRADE BANQUET

SATURDAY, MARCH 30

1927-28 has been a "Banner year for the Lacombe district. The live stock breeders, the wheat growers and the boys and girls of the district by winning many championships and prizes at the largest fairs in the Province, and in other provinces have brought honour to the district and added to the fame of Lacombe as one of the best mixed farming districts in Canada. In sports, our curlers and our hockey players have made the good name of Lacombe known far and wide.

On Saturday, March 3rd, the Lacombe Board of Trade, which now numbers among its members more farmers than townsmen, is planning a get-together day in honour of those who have brought honor to the district. The speaker of the day will be Don H. Bark, the "Alfalfa King" of Alberta. Alfalfa is not extensively grown at Lacombe, although for years it has been the surest hay crop at the Experimental Station. In 1925, Mr. Bark seeded 50 acres of alfalfa on his farm near the canyon and he has harvested two heavy crops. Mr. Bark is one of the best speakers and after dinner orators in the West. At an afternoon meeting he will speak on "Alfalfa," and at a banquet in the evening he will be one of a number of speakers.

Remember the date, Saturday, Mar. 3rd. Plan to be in Lacombe for both meetings and watch this paper for full particulars.

THAT IS WHAT  
HOUSEWIVES IN WESTERN  
CANADA SAY ABOUT  
SPILLERS "BAKE-RITE"  
FLOUR

A housewife in Sardinia B.C. says:  
"I baked a large batch of bread, a pan of biscuits and a cake, and I found 'Bake-Rite' very satisfactory indeed."

"I have tried every brand of flour on the market and they are not to be compared with 'Bake-Rite' flour."

"It was the best bread we have had in the house since before the war. It is not sticky and gluey in the kneading. I found it did not stick to my hands like ordinary flour."

"I must say I am very pleased with 'Bake-Rite'."

## Bentley News

The Sylvan Lake W. L. are in Bentley on Friday night, the 17th and will present a play entitled "Aunt Susan's Visit" this will be followed by a dance. We hope to see a good turn-out as we understand that they have a good program.

A. B. Gibson was plenipotentiary from Bentley to a meeting held at Leduc on Monday night to discuss ways and means in regard to the building of a Community Hall at that place, the country out there has been well worked.

A few Bentley people went to Rimley last Thursday night to take in the play and dance, given by the Canadian Legion of that place. We hear they will be bringing it to Bentley shortly.

The Bentley Amateurs have decided on Friday and Saturday nights, Feb. 23rd and 24th as the dates for presentation of their play "The Big Fish". I don't forget to keep one of the nights open and book seats early at the fares they are putting on is one of the funnest ever seen in Bentley. Reserved Seats and 75c. seats will be on sale at the Pharmacy on and after Friday of this week.

The high wind of Tuesday drifted the drift to some extent, but they are still open between Bentley and Lacombe at this writing. The West Drive and Dance at the Durham School House, proceeds of which went to the Bentley hospital, was a very successful affair. A two fruit cake which was donated was raffled off and \$13.00 was realized.

Mr. Ava Burger being the winner. Mr. P. E. Thorpe, as chairman of the hospital board gave a talk on work and Leduc and a number of the hospital staff of that the \$30.00 which had been handed over to him. The total proceeds of what they did and there would help pay for the extra wash and medicine just one half.

Note the precautions taken in lowering this tourist's roadster into the hold of the Gulfair Arctican on which he sailed recently for England from Halifax. To the right and above is a motor-driven lifeboat.
